

OTTUMWA WOMAN CURED

By Lydia E. Pinkham's Vegetable Compound

Ottumwa, Iowa.—"For years I was almost a constant sufferer from female trouble in all its dreadful forms; shooting pains all over my body, sick headache, dizziness, depression, and everything that was horrid. I tried many doctors in different parts of the United States, but Lydia E. Pinkham's Vegetable Compound has done more for me than all the doctors. I feel it my duty to tell you these facts. My heart is full of gratitude to you for my cure."—Mrs. HARRIET E. WAMPLER, 524 S. Ransom Street, Ottumwa, Iowa.

Get Oil Money.

Dixon, Ky., July 21.—The William Carmill Oil and Gas Company, which sometime ago, took leases on quite a good deal of land in this section, has, through its representative, C. D. Carrothers, this week paid about \$650 in rentals to farmers. In all, this company has paid about \$1,000, to the people of this immediate vicinity.

Judging from the rentals paid out, it seems that this company has confidence in this section as an oil field.

AIR SHIP FLIGHTS AT UNIONTOWN

Will Be Star Free Attraction of the Great Union County Fair Beginning Tuesday, Aug. 8.

Tuesday, Aug. 8, the gates of the Great Union County Fair will swing open and the greatest meet ever held by that association will begin.

Secretary W. C. Bland is overflowing with enthusiasm over the prospects of the coming fair and confidently expects the races, exhibits and attendance to exceed by far any previous record. "I believe," said Mr. Bland, "the attendance on Thursday will reach 18,000. With the attractions we expect to offer it should reach that figure easily."

A number of the best free attractions obtainable will be offered as usual. In addition there will be offered as the star feature of them all airship exhibition flights.

For the first time since navigation of the air in heavier-than-air flying machines became practical the people in this section will be given an opportunity to see flying machines in actual flight.

Aviator Gratz has been engaged at an enormous expense to make flights on Wednesday, Thursday and Friday. He will use a Rubel bi-plane made after the Curtiss model. Two flights will be made daily of from thirty minutes to one hour in duration. During these flights the aviator will make all the maneuvers known to airship navigation, showing what it is possible to do with flying machines.

Arrangements may be made to have Aviator Gratz fly to Morganfield and then back to the grounds. This would give an actual exhibition of the machine in flight from one city to another.

The grounds are all ready for the big fair. A new judge's stand has been built. This is across the track from the grand stand. The band stand has been rearranged so that it does not shut off the view of any part of the track. New steps leading to both the amphitheatre and the floral hall have been laid, all of the buildings have been repaired and a new fence has been built around the entire fifty-two acres.

The train service this year, says Secretary Bland, will be more convenient than ever. In addition to the specials from Uniontown and Morganfield every day the L. & N. will run a special from Madisonville Thursday, the I. C. will run a special from Dixon every day and from Marion on Thursday. The north-bound I. C. leaving Morganfield at 5 p. m. will be held until 6 or 6:30 p. m. on Thursday also.

Stepping on a rusty nail has been the cause of many cases of lockjaw. The nail was not so much the fault as neglect of the wound. If such wounds were promptly cleansed and BALLARD'S SNOW LINIMENT applied there would be no lockjaw, as the antiseptic properties of the liniment would counteract the poison and the wound would heal quickly. Price 25c., 50c., and \$1.00 per bottle. Sold by J. H. Orme, Marion, Ky.

Cheerful Giving.

Father wanted to test the generous nature of his son, so as the boy was going to church one morning, he said: "Here, Benny are a quarter and a penny. You may put whichever you please in the contribution box."

When he returned, his father asked which coin he had given. Benny replied. "Well, papa, it was this way: The preacher said the Lord loved a cheerful giver, and I knew I could give a penny a good deal more cheerfully than I could give a quarter, so I put the penny in."—Metropolitan Magazine.

Free Liver Remedy

It is well to stop a physical ailment at the first signs of its approach, and that is especially true of liver trouble, which can eventually give rise to so many serious complications. Many have liver trouble and imagine it is indigestion, and hence take the wrong remedy.

When the liver does not store up sufficient gastric juices it becomes sluggish, and in this way disturbs the stomach and bowels, with which it is supposed to work in harmony. Then comes the sallow complexion, the pimply face, the dull pain in the forehead, the thinning of the blood, etc. A very quick and sensible way to stop the trouble as well as to cure it is by the use of Dr. Caldwell's Syrup Pepsin, which contains ingredients especially intended to promote the activity of the liver.

Among the many thousands who have written the doctor about the results achieved with his remedy, and who are glad to make the facts public so that others can help themselves, are Mr. Jas. Kennedy, St. Louis, Mo.; Mrs. S. A. La Rue of Smith's Grove, Ky., and many others.

These, like thousands of others, started the use of Syrup Pepsin with a sample. If you will send your name and address you can obtain a free trial bottle. This will prove to you that liver trouble is promptly cured with this remedy or money will be refunded. Having tried it you can then buy it in its regular way of your druggist at fifty cents and one dollar a bottle, and the latter is sufficient for an entire family.

This remedy is a vast improvement over cathartic tablets and salts, which only do good for the time being. Syrup Pepsin is permanent in its results, is pleasant to take and does not grip. It is especially good for all those who cannot stand a violent purgative.

Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postcard or otherwise. For either request the doctor's address is Dr. W. B. Caldwell, R. 500 Caldwell building, Monticello, Ill.

Series of Mishaps.

Marietta, O., July 25.—The trip of the Congressional Rivers and Harbors Committee from Wheeling, W. Va., to this city, made during the night and Monday, was a series of mishaps. Four times the steamer Kanawha ran aground; the young son of Congressman Wilson, of Illinois, fell down a stairway and sprained his ankle and an awn-

ing on the upper deck collapsed, nearly dragging two Pittsburg detectives into the river.

The trip is under the auspices of the city of Pittsburg and taken with a view of convincing the members of the Rivers and Harbors Committee that the Ohio River needs improvements between Pittsburg and Cairo, Ill. In a way the day's mishaps were good arguments.

Thirty years of association—think of it. How the merit of a good thing stands out in that time—or the worthlessness of a bad one. So there's no guesswork in this evidence of Thos. Ariss, Concord, Mich., who writes: "I have used Dr. King's New Discovery for 30 years, and it's the best cough and cold cure I ever used." Once it finds entrance in a home you can't pry it out. Many families have used it for forty years. It's the most infallible throat and lung medicine on earth. Unequaled for lagrippe, asthma, hay fever, croup, quinsy or sore lungs. Price 50 cents and \$1.00. Trial bottle free. Guaranteed by Haynes & Taylor and J. H. Orme.
